

Supreme Court  
Judgement No. S0051/2025  
Date of Judgement: 05/04/2025  
Type of Proceeding: Petition  
Type of Judgement: Constitutionality  
Parties Involved: The\_Dictator\_Beaver

## 1. Factual Background

The Supreme Court of Julia has been petitioned to rule on the Constitutionality of Law 3.11 - Regulation of the Commission of Elections Act. On March 23rd, Bill 3.11 was approved by the Senate with 4 yays, 0 nays and 3 abstaining.

## 2. Grounds for Judgement

1. 3.11 establishes the Commission of Elections as a fully independent entity outside the executive branch. This contradicts the Constitution, which clearly states in Titles 4 and 7 that the Ministry of Registrar is the only one with the responsibility to run elections, not an independent commission.
2. Despite Article 2.1 arguing that the new CoE is outside the influence of the legislative, the appointment process established on Article 3 effectively places this executive body under the influence of the Senate by granting the Senate authority to appoint and remove members of the Commission by a vote. By putting an executive body under the legislative branch, the law violates the separation of powers established in the Constitution.

3. Article 2.3.1 violates the court ruling of case [S0046/2025](#) and the Court will uphold it.

### 3. Judgment

1. Law 3.11 is struck down as unconstitutional and is no longer in effect.
