### I. Factual Background

Present were the prosecution in the name of the state Mr. racoon92/297022281878863885, with Deputy AG Aiden Whitlock/1268641875326271538 and Not InternProsecutor Bloppa/1161477112415395931. The defense was Ėd/1272553776154411103, who chose to defend themselves. The case progressed with significant and repeated delays, the prosecution's request for summary judgment was accepted as sufficient evidence was provided.

### II. Proven facts

That user "Ėd" sent a picture of a slice of toast containing an implied reproductive organ.

That L0239/2025, while not binding case law for Lower Courts, ruled another defendant guilty of NSFW use, using the exact same image.

### III. Grounds for the Judgement

The evidence presented demonstrates a violation of Constitution Article 15.1.2, consistent with the definition of NSFW content. While the image represents NSFW content, it is to a low degree as it did not use real life or similar images. This is consistent with L0239/2025, however, the evidence alone failed to satisfactorily demonstrate an intent to cause havoc in the chat, lowering the severity in this court's eyes.
