The following will be enacted into law by the senate:

1. SHORT TITLE

- 1.1. This Act may be cited as the Environmentalism & Volunteerism Act (EVA)

2. AN ACT

- 2.1. The President of Julia is authorized to grant payments from the treasury of up to 20,000 JUD at a time to citizens other than themselves who provide evidence of themselves contributing to their real life community in the following ways:
 - 2.1.1. Picking up trash, enough to fill at least one trash bag of reasonable size at the discretion of the President. A “J” for Julia should be

written clearly on the bag in marker as evidence that it was done by that citizen of Julia. A piece of paper with a “J” on it that’s also in the picture with the bag is also acceptable.

- 2.1.2. Contributing at least two volunteer hours in programs such as food banks, homeless shelters, park maintenance, animal shelters, centers of independent living, and other non-profit programs which rely primarily on volunteer labor may apply. These contributions may be proven through either a picture of the work done with a piece of paper with “J” for Julia written on it in the photo (if applicable) and/or a photo of the records of the volunteer hours, with any identifiable information removed/censored.
- 2.1.3. Being a poll worker for real-life elections will be included even if the individual is paid in real life to do it. Exception being if working the elections is their job, and not something they sign up for by individual election.
- 2.2. The monetary rewards described in 2.1. will henceforth be known as EVA rewards.
- 2.3. The standard method to request an EVA reward is to post the evidence, explain what you did, and notify the president. By default this may be done anywhere that the President could see it, but the President reserves the right to establish that EVA reward requests are to be sent to a specific location or in a specific way.
- 2.4. Photo evidence that contains people who did not consent to being photographed is illegal.
- 2.5. The President may deny giving an EVA reward if, including but not limited to, they suspect falsified evidence, they suspect an attempt to exploit or ‘game’ the system, evidence is lacking, or for any other reasons described in this Act. If a reward is denied, the President must explain their reasoning as to why.

- 2.6. No more than one EVA reward that is funded by the treasury can be given per act of contribution to a citizen's community, although the amount in that award may vary as described in 2.1. Rewards higher than 20,000 JUD are allowed, but only up to 20,000 JUD may come from the treasury per instance of a citizen contributing to their community as described in this Act.
- 2.7. Volunteering for religious and partisan political organizations which utilize volunteer labor does not qualify for EVA rewards.
- 2.8. The Vice President may grant or deny EVA rewards as the President would if the President gives permission ahead of time. The Vice President shall not grant rewards to themselves or the President. They are subject to all the same regulations as the President would be in giving out EVA rewards.
- 2.9. Any attempt -successful or not- to deliberately fraud the president into giving an undue reward is punishable if proven in a court of law by removal of the reward, permanent disqualification from any government rewards in the future, and a fine of 50,000 JUD.
- 2.10. If the President does not have role permissions to create money in order to fulfill an EVA reward, someone who does have the permissions must do it for them whenever they are next available.
- 2.11. The Minister of Finance is to be notified if money is created to fulfill an EVA reward that one was granted and how much was given in the reward from the treasury. It is the responsibility of the President to ensure this happens.
