I. Factual Background

Present were the same parties that were involved in the Lower Court case, being the defence TealOut now with another account called disc0rdtriedtodoxme/1373129964387303608. In representation of the state the Attorney General 4EyedJay/330615121695211520.

The defence was banned from Julia and all related servers including the judicial power before the appeal period of 14 days had passed.

That the defence was sentenced for the right reasons by the Lower Court as he pleaded guilty.

II. Proven facts

All facts proven in L0065/2025.

His right to appeal was violated as he was banned from the Judicial Power server prior the passing of the 14 days to appeal his sentence. This time thus does not count as passed and the only reason why this appeal is valid even after so much time passing.

That the defence ban was disproportionate to his crimes and illegal under Julian law as the crime of stealing can not be sentenced with a permanent ban. Even if this would be the case at that moment the principle of *lex mitior* would apply if the law would have been modified in favor of the convicted person. This would open the option to appeal the sentence even if 14 days already have passed, or another appeal prior to this one was filed.

III. Grounds for the Judgement

That the defendant can not be sentenced over the legal limit by any court of Julia.

The right to appeal under the Julian Constitution.

Judgment

1. That we uphold the factual background of sentence L0065/2025 but invalidate the judgment.
2. That we sentence the defence to a fine of 30.000 JUD, but we consider it payed as he has already payed for his crimes.
3. That the defendant is to be unbanned of all Julian related servers were he was banned because of L0065/2025.
4. Thus, by this my sentence, counted from the day of the publication of this sentence, I pronounce, command and sign it

Signed,
