I. Factual Background

The prosecution qualifies the facts of the case as constituting the crime of sending NSFW content as stated in rule 4. Requesting that the following penalties be imposed on them: the maximum sentence of a permanent ban of the Democratic Sim Server and all its external related servers as per rule 11.

The defense, in the same proceeding, requested the acquittal of all charges against the defendants.

II. Proven Facts

It has been proven that on the 26th of January 2025, .tagwasbanned, send an image with a lettuce in a clear allegory to the shape of the male genitalia by positioning it between the legs, which can be seen on both sides of the lettuce.

It has been proven that on the 25th of January 2025, .tagwasbanned, send a video with the caption "*Pov: u hear fine shyt*" with a man on stage spreading his legs and slightly thrusting his hips to draw attention to them, referring to a prominent male genitalia.

It is also clear that .tagwasbanned send neither of both videos with bad intent or the intent of spreading NSFW content. In addition, the content does not explicitly show pornographic material, but it does allude heavily to male genitalia.

It is also a known fact that this server is visited by underage users.

III. Grounds for the Judgement

First. The facts declared proven are legally constitutive of a crime of sending NSFW as it does heavily allude to pornographic content. Especially in regards to minor users being on the server.

Second. That the distribution of this material was involuntary and therefore mitigates the penalty.

Third. That the content although considered NSFW is “sexually suggestive content” as per Discord Sexual Content Policy Explainer and thus it is not necessary to post it on age restrictive channels.

Fourth. That the existence of this type of humor, although not supported by the server, has existed and exists in the digital culture. This is also considered a mitigating factor.

Judgment

1. That I must convict and convict the defendant, .tagwasbanned of violating rule number 4 of the server, with which he is charged to the penalty of:
 - a. a 60 hours mute having started at 9:33 of the 26th of January 2025.
 - b. a fine of 200 credits, to be paid to the state, if not possible to be paid at once the defendant can negotiate a plan with the state to fulfill his penalty.
2. Thus, by this my sentence, against which an appeal may be filed before the Supreme Court within seven days, counted from the day following day of the publication of this sentence, I pronounce, command and sign it.
