

Supreme Court

Judgement No. S0058/2025

Date of Judgement: 5/1/2025

Type of Proceeding: Impeachment Trial

Type of Judgement: Guilty/Non-Guilty

Parties Involved: LordBucket/791409804756123668 4EyedJay/330615121695211520

1. Factual Background

At approximately 3:00PM on April 30th, 2025 the defendant, LordBucket, posted an image depicting a map of Europe in which the flags of each country were replaced with fascist symbols and imagery. Namely, swastikas, a Falange, and other various known and offensive symbols. The image was titled with the caption: “Europeans when you mention Gypsies:”

2. Grounds for Judgement

While not every criminal offense should or does warrant impeachment of a senator or elected official, hate speech or the posting of hateful imagery does; and for that reason, the court has ruled in favor of the prosecution.

3. Judgment

The Court voted and ruled in favor of the prosecution. Finding LordBucket guilty of posting hateful imagery as forbade in Article 17.1.1 of the Julia Constitution
